

Dear Customer

Re: A5/M42 combined maintenance work

We recently wrote to you advising of our upcoming maintenance work along the A5/M42, near Tamworth.

Due to unforeseen circumstances, our planned maintenance work will not start on Monday 12 July. We believe our work will now start on Monday 19 July. We still plan to deliver the work within the agreed timeframes following consultations with local businesses, including dates and times.

We'll write to you again with further information regarding our work next week.

I'd also like to apologise for any additional inconvenience this may cause.

Yours faithfully
Ryan Davies
Project Manager
