

Flooding In Grendon

Affected by flooding?

We want to hear from you. We are keen to get a better understanding of how flooding in our village is impacting residents and businesses alike.

The Parish Council are working in partnership with Warwickshire County Council and Cllr Andy Wright to gain a better understanding of the issues and look at potential solutions to the ongoing flooding in our village.

We need to gain as much information as possible about where flooding occurs and how it impacts the lives of residents, whether it be road closures, houses / land flooding or drainage issues. .
